

TILLERS FOLLY HOSPITALITY RIDER

That a light meal be provided 90 minutes before show, and be available until after the show.

note: one band member does ***not eat wheat*** products. Food does *not* need to be certified gluten free, *trace elements* or *may contains* should be alright.

A typical light meal:

6 sandwiches (egg salad, tuna salad or ham/cheese, all the same, or mixed)

1 large mixed salad (no onions) w/ dressing (ranch/Italian/)

Small assorted sliced cheese/meat tray

Small assorted fruit plate

6 x bottles of water

Coffee/tea service for 3

All plates, cups and cutlery required (disposable if easier)

Feel free to improvise. Soups, salads, veggies, preserves, hors d'oeuvres, sweets, chips, nuts, etc.

****Often, the group does not eat before a show, but are famished directly after. When at all possible, food should be available for the band to take-away.***

Other considerations:

6 x bottles of premium beer

3 x bottles or cans of premium cider

1 bottle of red wine
